

I hereby consent to the share lending arrangement set out in Paragraph 23 of the Client Agreement.

I agree to lend shares held in my account to Webull Securities (UK) Ltd ("Webull") and understand that Webull will lend these shares to reputable third parties. Webull will be my counterparty in this process and undertakes to safely redeliver the shares to me.

I understand I will not receive any remuneration for this.

To support any loans, Webull will obtain collateral from the borrower to the value of at least 102% of the value of the loan. This collateral will be held in a segregated account so that, in the event of Webull's insolvency, you will have a right to this collateral.

I understand that my right to sell my holdings will not be affected by this process.
